Officially launched in 1999, "Managing Successful Programmes" (MSP®) is a guide that provides and maintains a strategic view over the set of projects, aligning and co-ordinating them within a programme of business change in support of specific business strategies.

### Who is the course designed for?

This APMG accredited event is suitable for any organisation or individual seeing the need for a controlled approach to managing programmes. The course is also suitable for Programme Directors or Senior Responsible Owners, Programme Managers, Business Change Managers, experienced project managers, programme support managers and senior managers from any discipline with involvement in introducing major change initiatives.

### What are the course objectives?

To provide Delegates with an understanding of the benefits and principles underlying a structured approach to programme management and enable attendees to understand the MSP® framework.

### What is the course approach?

The content of the briefing may be adjusted to suit the specific needs of the audience. This course can be tuned in advance, and during the event to ensure that attendees obtain exactly what they require from the briefing. The briefing will be delivered in a style appropriate to the level of attendance and will be fully responsive to attendees' needs.
