Portfolio, Programme
& Project Offices
(P3O®)

Management of Value
(MoV™)

Implementation

SPOCE can work with your organisation to help implement the OGC methods. If you are looking to establish programme & project frameworks within your organisation and need assistance with guidance, tools and techniques, you can contact us on 01202 736373.

Management of Portfolios (MoP™) complements the suite of related PPM guidance developed by Best Management Practice to help organizations and individuals to use Best Practice to manage projects, programmes and services consistently and effectively.

MoP™ focuses on strategic investment decision-making and integrates seamlessly with all other best practice methodologies. It is highlighted throughout MoP™ that whilst portfolio management will be more effective where robust programme and project management (PPM) exists, this is not a prerequisite.

There is, however one exception; the need for some form of P3O® or Portfolio Office model (either physical or virtual) that provides portfolio information to senior management is mandated. Where required, SPOCE can combine this briefing with an overview of P3O® (Portfolio, Programme and Project Offices).

Who is the event designed for?

This 1-day overview event is suitable for senior managers and practitioners who need guidance to help them set up and run portfolio management. It describes portfolio management in its strategic and organizational context and examines the principles and practices that ensure programmes and projects remain aligned to strategic objectives.

What are the event objectives?

The key objectives of this course are:

- To provide Delegates with an overall understanding of the principles and practices in MoP that enable individuals and organizations (large or small) to successfully introduce or re-energise Portfolio Management approaches.
- To understand the strategic context of portfolio, programme and project management

What does the event cover?

This one-day event provides an excellent overview of the Management of Portfolios Guidance and includes the following topics:

- **Introduction To The MoP™ Guidance** - An introductory session to set the scene. The MoP Principles, along with the Portfolio Definition and Portfolio Delivery life cycle practices will be identified and briefly explained. The benefits of introducing MoP™ will also be covered.
- **MoP™ Principles** - Senior Management Commitment; Governance Alignment; Strategy Alignment; Portfolio Office; Energized Change Culture
- **MoP™ Portfolio Definition Life-cycle** - Understand the Portfolio scope; Categorize change initiatives; Prioritize change initiatives based on agreed measures; Balance the Portfolio in terms of timing, risk, resource, business impact and contribution to strategic objectives; Plan - create a portfolio strategy and delivery plan.
- **MoP™ Portfolio Delivery Life-cycle** - Management Control; Benefits Management; Financial Management; Risk Management; Stakeholder Engagement; Organizational Governance; Resource Management.
